REFURBISHED HP VECTRA VL CORPORATE DESKTOP PC / USED BY US MILITARY

Model: VLI SERIES 8K/5000Q (HP corporate pc, was used by US FORCES)

Processor: Intel Pentium III (VERY FAST) 501Mhz

Memory: 128MB (can be expanded, one additional slot to add memory)

Hard Drive: Maxtor 20 GB hard drive (plus one additional hard drive bay)

CD Drive - ZIP DRIVE - Floppy Drive

Operating System: XP professional (way better than the usual XP home)

Set up support will be provided for FREE. This is a corporate PC, obtained from government auction – it was used by one of the armed forces. This PC is a great buy because it can be expanded: one additional hard drive bay, up to 4 additional PC card slots, all parts are swappable, bottom of pc turns into door to give access to motherboard, easy to open cover with lock & keys. Expandable memory – 1 additional slot, 2 USB, Ethernet port – phone port /modem . Best of all, This PC can take a beating, it's very strong – no wonder the military used it. Difference between this PC and others, it was built for the US military – Experience the power of a military PC!
